THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to refer you to my letter No. 104 I., dated 10th February 1913, and to request that as the estimate for improvements to the Peranai regulator, Periyar system, mentioned in paragraph 2 thereof has now been approved by the Government of India in their letter No. 520 I., dated 4th/9th April 1913, the sanction of that Government may be obtained and communicated to an additional grant of Rs. 71,000 under the head "49" required for completing the work during the current official year. The usual statement to accompany application for additional funds is appended.

I have the honour to be,
Sir,
Your most obedient servant,

Joint Secretary to Govt., P.W.D.,
Irrigation Branch.

NOTES CONNECTED WITH G.O. Nos. 250-51 I., DATED 30TH APRIL 1913.

[SUBJECT.—*Grant required for the work—Improvements to the Peranai regulator, Periyar system.*]

To the Superintending Engineer, VI Circle, dated 17th February 1913, *R.C. No.* 566/13.

From the Superintending Engineer, VI Circle, dated 11th April 1913, *No.* 572 *C.E.*

Under Secretary—
Joint Secretary—

An estimate amounting to Rs. 70,971 inclusive of establishment charges, for improvements to the Peranai regulator, Periyar system, has been sanctioned by the Government of India under "49. Capital Expenditure not charged to Revenue", and the question of providing funds required for expenditure on the work during the current year has now to be considered.

2. No provision for the work was included in the schedule of demands under "49" for Rs. 4,40,000 submitted to the Government of India with G.O. No. 516 I., dated 19th November 1912, as the estimate for the work had not then been received even in the Chief Engineer's office. The Government of India sanctioned a provisional grant of only Rs. 4,20,000 to which the preliminary issue of the budget approved in G.O. No. 88 I., dated 1st February 1913, was prepared. No provision for the work has been made either in the preliminary issue or in the final issue which is now under disposal. In letter No. 104 I., dated 10th February 1913, the Government of India have however been informed that additional funds for this, among other works, will have to be applied for during 1913-14 in the event of the estimates therefor being sanctioned.

3. The Executive Engineer, Madura division, reports that the full amount of the estimate will be required for expenditure during the current year, if the estimate is sanctioned in June 1913. Hence an application has to be made to the Government of India for an additional grant of Rs. 71,000 roundly under "49". In this connection it is submitted that the final issue of the budget estimates for 1913-14 has not yet issued. The draft order communicating the final issue has been sent to the Accountant-General for approval. On receipt it will be sent to Financial for acceptance and then circulated to the Honourable Member. The order will probably issue early in May. Orders are requested if the Government of India should be addressed for additional funds now or if the file may lie over till the final issue has been despatched. The application to India may be made direct by this department, with the concurrence of Financial.

I think that immediate application should be made for the necessary funds
(1) and a draft letter to India should be despatched with the concurrence of Financial. In the meantime the Superintending Engineer should be authorized to proceed
(2) with the work.

H. E. CLERK—21-4-13.

Under Secretary—

A draft official memorandum authorising the Superintending Engineer to proceed with the work is submitted for approval with reference to **(2)** on page 1. After its issue a draft letter with an application for funds in the prescribed form as ordered at **(1)** will be put up.
